STATEMENT OF PRINCIPAL ACCOUNTING POLICIES

STATEMENT OF PRINCIPAL ACCOUNTING POLICIES (continued)

Leases and hire purchase contracts

Our leases and hire purchase contracts are classified as finance leases if they transfer substantially all the risks and rewards of ownership to us. If a lease is classified as a finance lease, the asset and liability are recognized at the inception of the lease at the present value of the minimum lease payments. The asset is depreciated over the shorter of the lease term and its useful life. Finance lease liabilities are measured at the present value of the minimum lease payments, discounted at the interest rate implicit in the lease. If the interest rate cannot be determined, the discount rate is the company's incremental borrowing rate. The interest expense is recognized over the term of the lease using the effective interest method.
